Mr. Willie Riddick,
919 Faulkland St.,
Norfolk, Va.

Dear Willie:

Due to the fact that we are not sure about Richmond and we haven't any other games in that vicinity, and the possibility of not being able to play at night in Norfolk, I have decided that it is too long a trip to take a chance to make for one game, so I want you to take this letter to Mr. Dawson and explain this situation to him. And in the meantime tell him we are playing on the 17th and you have started with the publicity for the 17th, and you may also tell him get the schedule straightened out, when we are sure we can play nights and I will let him know the dates when I expect to be there.

Be sure and see about Newport News and let me know at once if we can have the Park on the 18th and 19th. If you cannot get it for the 18th and 19th, we will take it for the 20th and 21st.

Will see you soon.

Very truly yours,
